Voice Channel

Tube Channel Strip w/ Digital Connectivity

The ART VoiceChannel is the perfect complete channel input strip for recording, broadcast or high profile live applications where maximum performance and detail is required. Designed to deliver in critical applications where full control of the audio source is required, the VoiceChannel combines a single Class-A tube microphone preamp, full-featured dynamics control, De-esser, expander and semi-parametric EQ into one unit with analog and digital output as well as the ability to direct connect to any computer or laptop via integrated USB port.

VoiceChannel is the ideal all in one input solution for analog or digital recording, each stage of the signal path provides full control and a full feature set for each component, making it the perfect choice for tracking critical vocals and solo instruments.

- **Class-A Tube Design**
- **Variable Input Impedance**
- **Selectable Tube Plate Voltage**
- **Comprehensive Dynamic Control & EQ**
- **Digital Connectivity and USB Output (Including ADAT Lite-pipe / AES/EBU / S/PDIF / TOSLink)**
