

FOR IMMEDIATE RELEASE:

ART INTRODUCES THE ULTIMATE HIGH PERFORMANCE ULTRA COMPACT HEADPHONE AMPLIFIER.

Niagara Falls New York, January 2, 2014 – Applied Research & Technology (ART) introduces what could be the most fully featured ultra compact headphone amplifier on the market.

Packing as many features as possible into the small format chassis, the HeadAmp4Pro has five stereo headphone outs, each with their own volume control. A separate footswitchable XLR input (with phantom power) allows instant talkback to any one, or all of the connected headphones. Input matrix allows the listener to audition any or all auxiliary inputs for maximum versatility.

Although designed for home and project studio, the HeadAmp4Pro may easily be the ideal solution for teaching stations and conferencing communication networks.

HeadAmp4Pro – MSRP \$149.00 US.

FEATURES:

- Five Stereo Headphone Amplifiers with Independent Volume Controls
- Built In Talkback Mic
- Selectable External Mic Input Jack
- Separate Aux Inputs
- Talkback On One or All Outputs
- Listen to Any or All Aux Inputs
- Remote Footswitch Jack
- Phantom Power On External Mic Input
- Compact Rugged Package

ABOUT ART - Applied Research and Technology began producing professional audio signal processing equipment in 1984 after former employees of the original **MXR Innovations** created the company. Since then it has become one of the world's largest signal processing manufacturers, developing and distributing products for the music industry for nearly 30 years. ART was acquired by **Yorkville Sound** in late 1999 and has offices in Rochester, New York, Niagara Falls, New York with its corporate parent housed in Pickering Ontario, Canada.

ABOUT YORKVILLE – Yorkville Sound has been a manufacturer of PA systems and loudspeakers,

Traynor instrument amplifiers, installed audio systems and accessories since its inception in 1963. The company now employs over 250 people in a 150,000 sq ft facility in Pickering Ontario, Canada (a suburb of Toronto).

In addition to its manufacturing capability, Yorkville Sound is an importer and distributor of microphones, and accessories under the **Apex brand** (www.apexelectronics.com) as well as studio effects, signal processors, microphone preamps and accessories under the brand name **Applied Research & Technology** (ART) (www.artproaudio.com) originally based in Rochester New York. Yorkville Sound is also the exclusive distributor of **Hughes & Kettner Amplifiers** for North America; **Epiphone Guitars**, **Gibson Guitars**, **Mapex Drums**, **Los Cabos Drumsticks**, **Line 6**, **Rotosound Strings**, **Dean Markley Strings** as well as **Gallien-Krueger** amplifiers for Canada.
